SANTA ANA, CALIFORNIA, MONDAY EVENING, SEPTEMBER 9, 1912.

50 CENTS PER MONTH

ROOSEVELT'S TRIUMPHAL TOUR

Addresses 25,000 People in
Spokane—Talks at Meeting
After Meeting

**SAYS WOMAN MUST HAVE
BALLOT AS A SAFEGUARD**

Minimum Wage Law Needed
to Aid Her in the World
of Business

SPOKANE, Sept. 9.—Col. Roosevelt addressed a woman's audience today and declared that his own conversion to suffrage was through espousal by women such as Jane Adams, and his knowledge of the ineffectual attempts of women workers to secure legislation for their own protection without the ballot. He declared Progressivism is the one remedy for the present conditions, and that Socialism is futile. He addressed two other meetings here, and speaks tonight in Seattle and Tacoma.

In his speech today Roosevelt criticized Gov. Wilson's declaration that a minimum wage for women, as set forth in the Progressive platform, is futile. He said:

"There must be a minimum wage for women so they may receive sufficient remuneration to remove temptation from their path."

He intimated that he believes Wilson lacks experience in the practical side of life.

Because of a restful Sunday, the Colonel's voice was clear and strong. He rode in an automobile parade this morning, conferred with party leaders and attended a luncheon. He will address an open-air meeting for workmen before he leaves tonight.

Twenty-five thousand people greeted Colonel Roosevelt when he came before the Masonic Temple here.

Colonel Roosevelt declared that among the things he was proudest of while President was the country-life commission. He said he "wanted to see cities grow, but not at the expense of the country. The nation's welfare depends on the country's wealth." He reiterated his plans to reduce the cost of living by bringing the farmer directly in touch with the consumer.

**A PROGRESSIVE MAY
ENTER FIELD AS INDE-
PENDENT AGAINST CURRY**

SACRAMENTO, Sept. 9.—Friends of Governor Johnson are securing the Third district for a candidate to run independently to defeat Charles Curry, the Taft candidate to Congress. It is unknown whether Governor Johnson has yet authorized the procedure. The Progressives refuse to tell the possible selection.

**STRAUS WILL REMAIN
ON ARBITRATION BOARD**

NEW YORK, Sept. 9.—It was announced today that Oscar Straus, Progressive gubernatorial nominee, will retain the chairmanship of the arbitration board, which is to settle the wage differences between the engineers and the Eastern trunk line railroads. Mr. Straus consented to retain the office after pressure had been brought to bear.

GRAFT PROBE BEGAN TO-DAY

Mayor Gaynor and Commissioner Waldo Witnesses—
Becker's Trial Date Set

NEW YORK, Sept. 9.—The Aldermanic probe into the alleged alliance of police with the underworld, started here today. Mayor Gaynor was the first witness. An agreement was reached that Mayor Gaynor should not be cross-examined.

Police Commissioner Waldo followed Mayor Gaynor. The probe is expected to show that Waldo was duped by his closest advisors.

District Attorney Whitman and Justice Goff, who will try Police Lieutenant Becker on the charge of murdering gambler Rosenthal, are reported to have reached an agreement that immunity will not be granted to any witnesses testifying against Becker. Because of threats, District Attorney Whitman has agreed to segregate witnesses and have them guarded to and from court, when the Becker trial opens on Thursday next.

50,000 Native Daughters and Sons Celebrate

STOCKTON, Sept. 9.—Fifty thousand Native Sons and Daughters of the Golden West are here today celebrating the 62nd anniversary of California's admission into the Union. A four-mile parade is a feature of the celebration.

The Pacific branch of the Amateur Athletic Union held championship contests this afternoon, in which Rose, Horine and other Olympic athletes participated.

Oakland will probably get next year's celebration.

Mayor Ralph of San Francisco arrived here this morning and was greeted by Mayor Reibenstein of Stockton with a drum corps. Mayor Ralph declined an automobile for the parade, marching with the Hyperion Parlor of San Francisco Native Sons over a 4-mile route.

Bulletins of News

Hot from the wire up to 3:30 p. m.

THE WEATHER

Fair tonight and Tuesday;
northeast wind.

Mrs. John S. McLean
Died Today of Pneumonia.

BAR HARBOR, Me., Sept. 9.—Mrs. John S. McLean, wife of the millionaire publisher of the Cincinnati Enquirer and the Washington Post died today of pneumonia, at her summer home, aged 65 years.

**Seven Die From
Motorcycle Accident**

NEWARK, N. J., Sept. 9.—Charles E. Williams died today in the hospital, making the seventh death as a result of an accident when Eddie Hasba, a motorcyclist, plunged over the rail in the motorcade here among the spectators, seven of whom were severely injured, who are in hospitals. It is feared more will die.

**Secretary of State
Knox Reaches Yokohama**

TOKYO, Sept. 9.—The steamship bearing Secretary of State Knox, the American envoy, to the funeral of the late Mikado, arrived at Yokohama at 3 o'clock this afternoon. Secretary Knox starting to Tokyo immediately. His elaborate entourage by navy and army representatives is planned.

**Pasadena Girl Tried
to Suicide at Venice**

VENICE, Sept. 9.—While scores of persons were moving about near her, Miss Marguerite Blier, 15 years old, living at 135 West Walnut street, Pasadena, made two efforts to end her life by leaping into the ocean from the Venice pier. She was thwarted only after she had made a spirited resistance and pleaded to be allowed to carry out her death plan.

**Over \$1000 For
Acre For Orange Grove**

SAN BERNARDINO, Sept. 9.—Over \$1000 per acre was paid for an eleven-acre orange grove set to eight-year-old trees in the Rialto district yesterday. The property was sold by W. P. Martin to Albert V. Herkelrath.

**Taft in Maine—Returns
to Beverly, Mass., Tonight**

BIDDEFORD POOL, Maine, Sept. 9.—After a brief visit here with his brother Charles, the President started in his automobile for Beverly. He arrives there tonight and will then immediately take up telegrams as to the Mexican situation.

**GEN. MACARTHUR IS
LAID TO REST WITH
QUIET CEREMONIES**

MILWAUKEE, Sept. 9.—With quiet ceremonies, according to his last expressed wishes on the subject, the remains of Gen. MacArthur, who dropped dead while addressing G. A. R. veterans, were buried in Forest Hill cemetery today. The pall bearers included Governor McGovern and Generals King and Winkler, and no military salute was fired.

**1000 VETERANS TODAY
GUESTS OF PASADENA**

PASADENA, Sept. 9.—A thousand veterans are here celebrating Pasadena Day of the National G. A. R. Encampment. Two thousand pies were distributed among the veterans, gifts from Pasadena housewives. Free lunch was served in the parks and automobile trips were a feature of the day.

**YALE ARRIVES AT SAN PEDRO
WITH A RECORD BOATLOAD**

SAN PEDRO, Sept. 9.—What is believed to be one of the largest passenger lists ever entering this port arrived yesterday morning when the Pacific Navigation Company steamer Yale docked with every cabin filled and even some of the officers' cabins filled with passengers.

The unusually large list of passengers arriving is due to the G. A. R. encampment here. Other steamships carrying passengers and arriving from the North bring the same reports of capacity lists. The Harvard, the sister ship of the Yale, is due here Sunday morning and she is expected to bring a capacity list of passengers.

GORDON BENNETT CUP AIR-RACE ON TO-DAY

Vedrine is Probable Winner
of International Prize
Contest

**AMERICAN TIME WAS SLOW;
OTHERS WERE YET TO FLY**

Nothing Heard Over Wires as
to Glenn Martin's Share in
Great Race

FLYING FIELD, CLEARING, Ill. Sept. 9.—With weather conditions here perfect, Jules Vedrine of France, averaged one hundred and five and a half miles an hour, competing in the James Gordon-Bennett International cup race. The general opinion is that Vedrine will be an easy winner, as the fastest American ship yet competing, made seventy-eight miles an hour. Other Americans were scheduled to try for the cup this afternoon.

**MARTIN DEFENDER OF
CUP FOR AMERICA**

Glenn Martin, the Santa Ana aviator, was appointed to act as the defender of the James Gordon-Bennett cup, now held by America, in the international race at Chicago today.

For this race, the greatest aviation event of the year, a special machine was built for the use of Martin, named as the American cup defender. The machine is a monoplane, known as the Burgess-Curtiss type, has a 160-horsepower engine, and was designed for a speed of more than 100 miles an hour.

It is the first high-speed monoplane to be built in this country, and for that reason has attracted unusual attention. Accordingly, a sensation was created in Chicago when Mr. Burgess, one of the builders, declared that the machine in its then condition was a death trap, and that to fly in it would be little short of suicide.

C. Y. Martin, father of the aviator, has received from him clippings from Chicago papers telling of the condition of the plane. In an interview with a Chicago paper Martin said:

"Nothing could have persuaded me to make an ascent in the machine in the condition in which it arrived here, unless I should deliberately court death. Mr. Burgess was not far wrong in calling it a death trap. I found the wings were not properly fastened to the body and the wings were not properly supported. I am putting in two extra supporting wires to the wings and strengthening both wings and the body of the machine. The work is being done with my own mechanics from Los Angeles, and when I get through it will not be so much of a death trap."

"The work will be done in time for the races. The motor is fine and is capable of 120 miles an hour. Of course there is the danger arising from the generation of gyroscopic force, but that is true of any machine built for extreme speed."

ELECTION IN MAINE, LIGHT

Gov. Plaisted Predicts Re-Election—Progressives and Regulars Working Together

PORTLAND, Me., Sept. 9.—Early voting in Maine in the gubernatorial election is light despite the expectations of an extremely heavy vote. Governor Plaisted, Democrat, predicts his re-election by ten thousand. William Hains, Republican, predicts success, refusing, however, to state any figures.

The regulars and Bull Moose forces, after standing together in this campaign, are now planning to swat each other after the election. The names of Roosevelt and Taft were not mentioned in the gubernatorial campaign.

Practically the only test of strength of the regulars and Progressives lies between Michael T. O'Brien, Progressive, and Asher Hinds, Democrat, former House parliamentarian, and a strong affiliate, who seek the congressional nomination. Republicans assert that this election will show the state tendency for the national election.

Arkansas Sure for Democrats
LITTLE ROCK, Ark., Sept. 9.—Republican leaders concede a Democratic victory in the Arkansas election today. The only question is the probable majority for Joseph Robinson, the Democratic gubernatorial candidate. The Progressives have no candidate. Proposed state-wide prohibition and the recall are the principal battle fields.

FIERCE BAKING FOR "LADIES" POOLROOM

Trustee McPhee Alleges It Will
be Resort For Disorderly
Outsiders

**LOCAL WOMEN VOICE
STRONG OBJECTIONS**

Matter Passed Until Next Meeting,
When Proprietor Will
Get a Hearing

Probably for the first time in the history of the city, more than a dozen ladies, most of them prominently identified with social and club life in the city, attended the meeting of the city trustees Saturday night. They were there to ask that the license granted to Harry A. Jones to conduct a poolroom and bowling alley on North Main street be revoked. A petition signed by about 225 local women was presented, the petition being that one which was published in the Register Saturday.

The petition provoked a discussion, covering a wide range, which lasted for more than an hour. During its course Trustee McPhee, who had been active in opposing the license from the start, made a talk in which he stated that recent information had led him to the firm conviction that the establishment was to be nothing less than a road-house, for which women would be imported from outside.

It developed during the discussion that the board, having granted a license, cannot revoke the same without giving the holder a hearing. It was also made clear that the provisions of the ordinance are very strict, giving the board power to revoke license without evidence of actual wrongdoing.

The trustees gave the petition of the ladies careful attention, but in view of the fact that they could take no legal action, postponed the matter until the next regular meeting, next Monday evening, at which time Jones is requested to be present and give his side of the case.

The trustees started proceedings to pass an ordinance requiring autos and other vehicles coming up behind a street car which is receiving or discharging passengers to stop. This is in accordance with action which has been taken in larger cities, where several deaths have resulted from people being struck by autos while alighting from cars.

About ten well known ladies were present in the Council Chamber when the meeting began, and several more came in later. After some of the routine business had been disposed of, Trustee McPhee called attention to the presence of the ladies, and asked that they be given an opportunity to be heard without further waiting. The chair then invited the ladies to present any matter they had to bring up.

Mrs. J. R. Medlock rose and said the ladies were there to present a petition against the opening of a poolroom in which provisions were to be made, it was understood, for ladies. She said the ladies of Santa Ana had no such place; on the other hand, they thought it would be a productive of great harm. The clerk then read the petition, which has previously been published in the Register, and which contained the names of about 225 Santa Ana women. Mrs. Medlock stated that the petition was the result of only a few hours work, and that a much larger one might be secured if necessary.

Trustee Grubb—"Colonel Heathman, under the law, can this board exclude women from any place of amusement in which men are allowed to congregate?"

Heathman—"That's a very hard question."

Grubb—"Well, certainly it's a legal question."

Heathman—"I don't know that it is. I don't know of any principle of law on which it can be founded."

Grubb—"I think this petition should be given careful consideration, and I move that action on it be deferred until the next regular meeting—principally for the reason that the City Attorney is not prepared to give an opinion on a question which I think should be considered before we take action."

Heathman—"What is it you propose to do? I haven't heard anything."

Grubb—"This petition, as I understand it, is a protest against a poolroom where women will be allowed to play. In view of it, I am willing to vote for a law excluding them from such places, if we can pass it."

Heathman—"It is a very grave question. Women have all the rights of men in that respect."

Trustee McPhee took the floor and said he wanted to give the board a little history. He said: "I have every confidence in the honesty and good intent of every member of this board, but I think its action in grant-

BIG Y. M. C. A. SERVICE FILLED OPERA HOUSE

Many Turned Away—Inspiring Addresses—Prominent Men Testified to
Value of Organization

The Opera House was crowded to its utmost capacity last night when the local Y.M.C.A. took charge of the last of the Sunday evening union services.

On the stage were County Y.M.C.A. Secretary Hamilton, Prof. J. A. Cranston, representing the city schools; W. A. Zimmerman, representing the city bankers; S. Hill, the business men of the city; Principal J. W. McCormack of the Orange County Business College; and Revs. Samson, Murkett, Stem and Wright of the city churches, besides other prominent in business and professional circles, over one hundred in all.

The services were commenced by the singing of familiar hymns by a chorus of young men, led by W. P. Coffman, accompanied by the Santa Ana City Band. The congregation joined most heartily in the singing, which added greatly to the success of the service. The Rev. Samson then led in prayer.

Mr. Hamilton was the first speaker on the program, taking as his subject "The Breadth of Y.M.C.A. Work." Before proceeding, Mr. Hamilton voiced a vote of thanks of the Ministerial Union to the management of the Opera House for the privilege of using the house for this successful service; also to the users, to Percy K. Lusk for the generous loan of his organ, the city band and orchestra, and everyone who had helped in any way to make the service a success. The congregation expressed its approbation of the vote of thanks by rising.

Mr. Hamilton then said that the Y.M.C.A. had its beginning in London, at a small prayer meeting led by George Williams fifty-five or sixty years ago; that the Y.M.C.A. is now established in nearly every country in the world, with 5,000,000 members and over 5000 branches.

"The Y.M.C.A.," he said, "is an organization of young men, banded together for the good of themselves and to help others."

In Los Angeles there are 1300 young men in the Y.M.C.A. night school alone, and 60 per cent in some cities go to the Y.M.C.A. from various industries. Mr. Hamilton said that there is scarcely a railroad in the United States without a branch of the Y.M.C.A., which has tended to make railroads safer for public use, and that railroads pay the secretaries because they recognize the good work they are accomplishing among their employes. "In New York," he said, "they have immigration secretaries, who meet the ships coming from foreign lands and take the young men to the Y.M.C.A. buildings and teach them English, and get them started right in their adopted country."

"Sixty-thousand boys in the navy," he said, "when they come ashore, instead of patronizing saloons, cheap restaurants, gambling houses, etc., go to Y.M.C.A. buildings, which philanthropists have donated for their use."

There are six Y.M.C.A. club houses in the Panama canal zone, erected there for the benefit of the young men at work on the great canal.

"Then there is the work in colleges. When a freshmen goes to college, the Y.M.C.A. committeemen get hold of him, provide for him a room and help locate him at work, etc., which all tends to get him started right in college and in after life."

The Rev. Samson took as his subject, "The Four-Fold Message of the Y.M.C.A." Rev. Samson said the four chief things that stand out in Y.M.C.A. work were the body development, moral and spiritual uplift, and the relationship one with another.

"Every boy likes to be strong physically," he said, "but the most important things are the moral and spiritual development."

Rev. Samson said that boys and young men do not want to be alone, and the Y.M.C.A. is an institution promoting social relations, and fellowship with those of the best.

Mr. Cranston, superintendent of city schools, next spoke, and said he had been in Santa Ana six years and he had yet to understand why there is no Y.M.C.A. in the city. He said: "There are good churches, good homes, good schools, and there is no excuse for not having a Y.M.C.A." He thought it was a shame. Mr. Cranston said he was afraid that in the strenuousness of life in an endeavor to gain the almighty dollar we were losing sight of the restful spirit and recreation of our boys and girls.

"Boys, when not at home, school or church—where are they? In the street; there is nowhere else."

"The problem is before us," he said, "what shall it profit us if we take care of our orange groves and lose the boys of Santa Ana?"

Rev. Wright gave a splendid ten-minute talk in which he said that boys and young men must start out in life with correct ideas.

Rev. Murkett said the Y.M.C.A. was, in his opinion, a clearing house of the churches, religiously, and that there is a field of men never touched by religious influence. The Y.M.C.A. comes in here and supplies this influence.

"A Y.M.C.A. is needed in this city," he said, and as a clergyman I make an appeal for sentiment for the establishment of a clearing house for the churches, for the purpose of making God-men."

W. A. Zimmerman, Samuel Hill and the Rev. Stem gave short testimonials as to how the Y. M. C. A. had helped them in their lives. These proved very interesting and added inspiration to the service. Samuel Hill joined the Y. M. C. A. in Boston about 55 years ago. Mr. Hamilton then read testimonials from some boys who were with him in camp this year.

The service then closed with the singing of the Y. M. C. A. hymn, "Blest be the Tie That Binds." The service was a complete success from every standpoint and one of the especially appreciated features of the evening was the cornet solo played by W. Frank Harris.

WAR OFFICE BUSY AT CAPITAL

Gen. Wood and President Taft
in Communication Over the
Wires as to Mexico

**ARMS HELD ON BORDER
WAITING FOR AN ESCORT**

Exodus of Americans From
Mexico — Salazar's Men
Threaten Raids on Border

WASHINGTON, Sept. 9.—An active exchange of telegrams between President Taft at Beverly and the War Department, is in progress today. The messages refer to the Mexican situation. It is generally believed that the President will authorize intervention in Mexico, without the consent of Congress. It is rumored that he may decide to call a special session of Congress to act on the situation. The President is receiving copies of all messages from the international border. Chief of Staff General Wood arrived at his office early, after consulting with his staff throughout the night.

WASHINGTON, Sept. 9.—Arms and ammunition for the use of Americans in danger at Cananea, Sonora, are being held up on the border until assurances are given that they will not fall into rebel hands. War supplies will be kept at Douglas until the railroad is cleared to Mazatlan, or until the Mexican government furnishes an adequate escort.

Col. Steever reports that American forces are on the border now in sufficient strength to hold back the rebel raiders.

**ANOTHER EXODUS OF
AMERICANS—CONDITIONS
ARE INTOLERABLE**

EAGLE PASS, Texas, Sept. 9.—Intolerable conditions in Mexico have caused another exodus of Americans and natives today. The refugees say that non-combatants are being hanged. The rebels are operating on the border between Eagle Pass and El Paso. Many ranches are reported as being raided.

**GEN. SALAZAR'S FORCES NEAR
BORDER—THREATEN RAIDS**

DOUGLAS, Ariz., Sept. 9.—Messengers from Lang's ranch brought warnings that General Salazar's rebels are encamped across the border and threaten further raids on American ranches. Major Rice, with half a battalion of cavalry, is near the border, and cowboys are on guard. It is believed the American forces are sufficient to prevent further trouble, unless the rebel command is reinforced.

WILSON MAY TRAVEL WEST

Spreckels Seeks to Have Him
Campaign on the Pacific
Coast

NEW YORK, Sept. 9.—Governor Wilson today conferred with Vice Chairman McAdoo regarding the advisability of a personal tour of the Middle West. It is believed he will decide to make such a trip. He may either extend the tour which begins in the East this week, or start to the West later.

Governor Wilson opened a tariff exhibit at noon today, showing articles manufactured here and abroad, with the difference in prices here and abroad.

The conference as to extending the Western tour was attended by Rudolph Spreckels and Charles Crane, of Chicago. The Senator will probably follow close on Colonel Roosevelt's heels. It is undecided how far west he will go, but it is understood Spreckels is endeavoring to have him include the Pacific coast.

The health bureau plank of the Democratic platform received endorsement by wire from Dr. Woods Hutchinson and Dr. Harvey Wiley.

THOUSANDS VISIT OCEAN PARK RUINS

Fire Lines and Guards With-
drawn—Benefit Arranged
For the Fire Sufferers

OCEAN PARK, Sept. 9.—Ocean Park yesterday acted as host to a crowd estimated at fully 70,000, the largest in the history of the beach, and all eager to view the ruins of the fire. The fire lines were withdrawn yesterday morning and the members of the national guard who had been on duty since the fire started were relieved from duty.

At a meeting between Chief of Police E. E. Randall of Santa Monica and Captain E. L. Bashore of Santa Monica, of Company E, N.G.C., it was deemed safe to withdraw the soldiers and raise the fire lines yesterday.

From early morning until late in the evening the thousands of visitors walked through the fire-stricken district, viewing the ruins.

A big benefit performance has been arranged by the Chamber of Commerce, to be held at the Willotta Theater on the ocean front, Monday evening, the proceeds to be devoted to the sufferers from the fire. The entertainment began at 1 o'clock and will last until midnight.

TO THE STOCKHOLDERS OF THE
AUTOMATIC BILLING COMPANY

—The undersigned, pursuant to a warrant dated August the 27th, 1912, and issued pursuant to the provisions of Section 311 of the California Civil Code, by the Honorable J. B. Cox, a Justice of the Peace in and for the County of Orange, State of California, hereby gives notice of a meeting of stockholders of the Automatic Billing Company to be held at the Hotel Rossmore, Room 33, in the City of Santa Ana, County of Orange, State of California, on the 11th day of September, 1912, at one o'clock in the afternoon; said meeting to be held for the purpose of electing a Board of Directors of said company.

STOMACH SOUR? GOT INDIGESTION ALSO?

"Pape's Diapiesin" Makes
Upset Stomachs Feel Fine
in Five Minutes

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache—this is indigestion.

A full case of Pape's Diapiesin costs only fifty cents and will thoroughly cure your out-of-order stomach, and leave sufficient about the house in case some one else in the family may suffer from stomach trouble or indigestion.

Ask your pharmacist to show you the formula plainly printed on these 50 cent cases, then you will understand why dyspeptic trouble of all kinds must go, and why they usually relieve sour, out-of-order stomachs or indigestion in five minutes. Diapiesin is harmless and tastes like candy, though each dose contains power sufficient to digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many Diapiesin cranks, as some people will call them, but you will be cranky about this splendid stomach preparation, too, if you ever try a little for indigestion or gastritis or any other stomach misery.

Get some now, this minute, and forever rid yourself of stomach trouble and indigestion.

COAST ROUTE FROM SAN DIEGO TO LOS ANGELES IS FINE

Los Angeles Examiner: The recognized coast route between Los Angeles and San Diego, with the exception of a stretch from La Habra to Santa Ana, has never been in better condition than at the present time, according to Warren McIntire, member of the Los Angeles Realty Board, who has just returned from two round trip runs in his Ford automobile.

A heavy rain, lasting nearly twenty-four hours, swept over San Diego County and the country south of San Juan Capistrano and this settled the dust and gave hard packing to the road beds.

MEXICAN HURT IN FALL FROM WHEEL

City Marshal Jernigan was summoned to the corner of Fourth and Olive streets yesterday morning by a message stating that a man was lying on the street with his leg broken. On arriving the marshal found a Mexican named Hernandez Silva, who had been thrown from his wheel. He had a very ugly gash in one leg, and had been rendered unconscious for a time by the shock of the fall. Residents of the section said that a beet dropped from a passing car had been lying in the street and that Silva had run over it, causing his wheel to slip and throw him, but the Mexican stated that another man on a wheel ran into him. He was taken to Dr. Wehrley's office and his injuries treated, after which he was taken to his home by Ed. Utt of Tustin, for whom Silva works.

FINE FISHING AT CLEMENTE ISLAND

Newport News: A. W. Martin, president of the California mine, Francis C. Lea, of Lea & Perrins sauce fame, and Ben Hodge and Dr. W. B. Power, all of Redlands, chartered Williams Bros. launch, the Wait, Wednesday morning and started on a trip to Clemente Island. The boat was in charge of Captain Howard Williams, who made a good run to the island and landed the party in the midst of the best fishing in the world.

Fish of every description were caught, but the most of the catch consisted of bass, rock cod, yellowtail, albacore, bonita and barracuda, all of the fish being taken with light tackle.

The party returned home Friday evening.

FIERCE RAGING FOR "LADIES" POOLROOM

(Continued from page one)

ing the license for this poolroom was hasty. When I opposed the granting of this license at the last meeting, I did so on the ground of public policy, thinking eight poolrooms enough for the city. Now I want to widen my grounds of objection; I now believe that this particular pool room will be a menace to the morals of the city.

When two young men are in such a hurry to get into business that they will pay a \$900 bonus for a lease carrying with it a rental of \$110 per month, it looks to me as if the poolroom business must be a mighty good one.

"I was approached in my office some days ago by a certain man, who said he had been to see some of the members of the board, and had learned I was against the granting of the license. He began to tell me how I could get around opposing it, but I didn't want to get around it. He then asked me if I could be induced not to vote on the matter, and I soon let him know how I stood on that proposition. I said nothing to the other members of the board about the matter, because I thought I knew something of the sentiment of this board, and I was shocked when the license was granted. I thought my recommendation as police commissioner would be given some weight, especially as I had just been instrumental in putting Billy Hill out of business after he had carried on the illegal sale of liquors successfully for seven years. But from the time the application was made for the license all speed was made until it was granted.

Sensational Charges
It is my firm conviction that this so-called poolroom will be what is known as a road-house—only they don't spell it that way in less polite society. It will be on the State Highway, in a most favorable location. It will be fitted up with accommodations for women, but we know the women of Santa Ana will not patronize it. Therefore, the logical conclusion is that the proprietors expect to bring the women in from outside."

Mr. Grubb asked the clerk to read that section of the license ordinance referring to revocations, and then called attention to the very clear provision that after a license has been granted it shall not be revoked without giving the holder thereof an opportunity to be heard in his own behalf.

"I want to state my position," said Grubb. "I am not an advocate of poolrooms. I have doubts of their desirability, but I believe in a square deal. Mr. McPhee said the other night that there were too many here now, and that instead of granting another license he would favor taking two away. Now, if the poolroom is an evil—and if Mr. McPhee is sincere in his remarks, as I believe him to be—he believes it an evil; if it is right to suppress two poolrooms it is right to suppress all. My position is that we must either grant this man a license or revoke all poolroom licenses. That is the square deal. I don't believe it is a square deal to say that Smith shall have a license and Jones shall not."

Grubb's Drastic Motion
uary 1, 1913, this board revoke all licenses of poolrooms, billiard rooms or bowling alleys and I trust Mr. McPhee will second my motion."

McPhee—"Just a moment, and I will explain why I favored taking away the license of two rooms. There are two rooms now running in the city which have gambling devices in operation, where boys are permitted to lose their nickels and dimes, and that is what I referred to."

Grubb—"Don't all of them have these devices?"

McPhee—"No, they do not."

Grubb—"You are sure?"

McPhee—"I am certain of it."

Grubb—"Wherever card is, billiards or pool is played there is bound to be some gambling and some rough conduct, no matter how conscientious or vigilant the proprietor of the place. He cannot prevent it entirely. I believe that so long as there are poolrooms in Santa Ana we will have more or less trouble with them, and I for one stand ready to revoke all licenses, if I can get Mr. McPhee to second my motion."

McPhee—"I never favored revoking all licenses. The new place proposes to run a ladies poolroom, and they will have to bring the ladies from outside."

President Ey—"Is there a second to Mr. Grubb's motion?" There was none.

The City Attorney was asked whether the device spoken of by McPhee was in violation of the laws against gambling, and after hearing the latter's explanation as to details and that it was, this led to some discussion along the line of gambling, without any result.

Mr. Alderman called attention to the provisions of the ordinance re-

garding revocation. "It voted against the granting of this license," he said, "because I was not informed on the case, and wanted to investigate. However, as it has been granted it is clear that we cannot revoke it without giving the holder a hearing. The ordinance appears to be very broad in its provisions. If the license was secured by false representations of any kind, or if the holder is an unfit man to hold a license—and I take it we are the judges—we may revoke. It seems to me that the only course is to cite these people to appear here and show that they are going to run a proper place."

Views of the Ladies
The ladies present were called on for an expression, and Mrs. Medlock said: "We think the ladies of Santa Ana are competent to ask for a poolroom when they want it. We feel that this establishment will place another burden on the mothers of Santa Ana. It is true that none of our ladies would patronize such a place, but we have daughters, and there is good reason to fear that they would be enticed to visit it. We think it is being planned largely for the patronage of outsiders, and that it would be an injury to the morals of the city."

Mr. Grubb asked if a law forbidding women to enter such a place would be satisfactory, and Mrs. Medlock replied emphatically that it would not.

Grubb—"I move that H. A. Jones, holder of the license for the new poolroom, and also the two men referred to by Mr. McPhee as running gambling devices, be cited to appear before the next regular meeting of the board."

Alderman—"I am willing to second if we knew the names."

McPhee was silent, but on being pressed said, "We'll deal with Jones first, then you will find me up to the scratch on the other cases. I want to get Jones."

After some further discussion without result, McPhee moved that the board proceed to other business after telling the ladies present that their protest carried no weight. He got no second.

In reply to a question Heathman said there was no reason why Jones could not be brought before the board and asked many questions as pleased the members. If they found him an unfit person they could revoke the license. Then, on motion of Greenleaf, action on the petition was deferred until the next regular meeting.

On motion of Alderman the clerk was instructed to notify Jones of the petition and request him to be present at the next meeting. On motion of Grubb it was declared to be the sense of the board that McPhee should name the two men he accused of running gambling devices, and the clerk was directed to request this information of him.

And so the matter was closed for the time being.

Garbage Contract Awarded
The adjourned meeting Saturday evening was for the purpose of awarding the contract for handling the city garbage, on which bids were opened Wednesday night. Trustee Greenleaf, chairman of the committee to which the matter had been referred, reported in favor of awarding the contract to Caulfield & Clark at \$250 per month, collections to be made daily in the business section and twice weekly in the residence sections. On motion of Alderman the award was made accordingly, with the condition that the firm furnish a bond of \$1000. At the suggestion of the trustees Caulfield, who was present, agreed to commence work this morning, and stated that notice will be given through the press as to what days collections are to be made on in residence sections.

An invitation was received from the California League of Municipalities to attend the annual convention in Berkeley Sept. 22 to 28. On motion of Greenleaf President Ey was named as a delegate, his expense to be borne by the city.

A dun for the city's \$75 subscription to the band concert fund was received. The clerk was instructed to draw a warrant for the amount.

A letter was read inviting the trustees, members of civic associations and citizens generally to attend a mass meeting to be held in San Gabriel next Saturday, when work will be started against the proposed consolidation amendment, to be voted on at the coming election, which will allow San Francisco and Los Angeles to absorb outlying communities against their consent. Mr. Alderman expressed the opinion that the proposal was a vicious one, and he expected to attend the meeting. Other city officials will probably make the trip also.

Petition for sidewalks on both sides of Pine street, from Broadway to the Gist tract, was granted. A petition for curbing on Twelfth street, from Main to Spurgeon, was referred to the street committee in order to find out what width will be best.

Alderman stated that there seemed to be some misunderstanding as to the fees to be paid the motor cop now employed by the city. The latter claimed he was to get half the fines, but Alderman's idea had been that the compensation was to be \$2.50 per arrest, and this was sustained by the other members of the board.

More Auto Legislation
President Ey stated that he had been requested by several citizens to ring up the matter of an ordinance requiring autos coming up behind an electric car which is receiving or discharging passengers to stop. Los Angeles is now preparing to enact legislation on this line. Other members of the board thought the president's suggestion a good one, and the city attorney was asked if the city has the power to pass such a law. He replied that in his judgment such an ordinance would stand, and on motion the attorney was instructed to draft such an ordinance.

**FOUR KILLED AS
AEROPLANE FALLS**
Others Fatally Hurt at Gray, France, As Aircraft Got Out of Control of Pilot

PARIS, Sept. 9.—Four persons were instantly killed and several others fatally hurt when an aeroplane got out of control at a aviation meet at Gray, in the department of Haute, and crashed to the ground.

The pilot of the machine, unhurt, fled the town when he alighted and saw the victims. Most of the killed and injured were cut by the propeller blades just before the aeroplane struck the ground.

CHEST AND LUNGS CRUSHED

Ten-Year-Old Boy Probably Fatally Injured in Accident at Garden Grove Depot

GARDEN GROVE, Sept. 9.—Lorenzo Hunter, a ten-year-old boy living near Garden Grove, was probably fatally injured in an accident at the Garden Grove station of the Pacific Electric this morning. E. Truesdale, the boy's adopted father, was at the station taking a load of hay on his wagon, and the boy started to climb up on the front of the vehicle. In some way he frightened the horses, which lunged forward, and the boy was thrown beneath the wheels, which passed over his body, crushing his chest and lungs. He was also badly injured about the body, and it was thought his shoulder was broken. The boy was taken to the Garden Grove Hospital, where Dr. Violet attended him. The chances for his recovery are thought to be very slim.

JUST IN TIME

Some Santa Ana People May Wait Till It's Too Late

Don't wait until too late. Be sure to be in time. Just in time with kidney pills. Means curing the backache, the dizziness, the urinary disorders. That so often come with kidney troubles.

Doan's Kidney Pills are for this very purpose.

Here is Santa Ana testimony of their worth.

S. H. Whitehead, 607 W. First St., Santa Ana, Cal., says: "A great many people have called upon me to learn about my experience with Doan's Kidney Pills and at such times I have always recommended this remedy in the highest terms. For several years I was troubled by a weak and painful back. If I did any lifting or over-worked, I suffered from sharp twinges through my loins. I also had much trouble from the kidney secretions, the passages often being too frequent, then again just the reverse. Doan's Kidney Pills, procured at Dean's Drug Store (now Wheeler & Mateer's Drug Store) helped me at once and it was not long after beginning their use that I was entirely relieved."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

SUFFRAGISTS USE AUTOS
Gaudily bedecked automobiles are being used in Eastern Connecticut by members of the Connecticut Woman Suffrage Association, who are finding that they can thoroughly cover more ground in less time in this manner than by any other means.

EXCAVATING FOSSIL BEDS

University of California to Hunt For Remains of Animals of Other Ages

UNIVERSITY OF CALIFORNIA, Sept. 7.—What is perhaps the most remarkable deposit of remains of extinct animals yet discovered in the world is now to be explored by the University of California. This is the fossil beds in the Rancho La Brea, in the outskirts of Los Angeles. Here for countless ages oil has oozed to the surface. In the tar pools so formed animals have become mired, have lost their lives, and their skeletons, even to the most fragile portions, have been perfectly preserved. The fossil deposits resulting are extraordinary for the perfection with which the skeletons are preserved, for the completeness of the representation of the life of a past geological period, and for the abundance of individuals of each species represented. Madam Ida Hancock Ross, the owner of the Rancho La Brea, has generously given to the University the privilege of excavating these fossil beds. The work has just begun, under the direction of Dr. John Campbell Merriam, Professor of Paleontology and Historical Geology in the University of California. Its results will be of great value in the study of how evolution has proceeded, and of animal species have developed on the earth.

The heirs of Michael Cudahy have just given \$10,000 toward the endowment fund of Newman Hall, and \$1000 each has been given by four other donors. The Newman Club is an organization of the Roman Catholic students of the University. Through the generosity of Archbishop Patrick W. Riordan of San Francisco, who contributed \$40,000 (from his "Jubilee Fund"), and through the aid of other friends, the club occupies Newman Hall, an admirably appointed building, which contains meeting rooms, a chapel, a library, bowling alleys, social rooms, a kitchen, etc., and which serves as a center for the social and religious life of the Catholic students. Its privileges and hospitalities are open also to the other students of the University.

An endowment of \$5000 has recently been received by the University Young Women's Christian Association.

The University of California Club of San Francisco, organized some years ago to bring together the alumni of the University, has recently increased its membership to more than 1500. The object of the club is to unite the alumni of the University, both those residing about San Francisco Bay and those living at a distance, for mutual friendliness, and to advance in all ways possible the welfare of the University. The club has well-equipped rooms on Union Square, in San Francisco—at the corner of Geary and Stockton streets. It is an organization similar to the Yale, Harvard, and Princeton clubs of New York.

The Agricultural Club, which includes in its membership a large number of the students of the College of Agriculture, is planning during the present year to make a number of expeditions to observe the methods of successful farmers. Three of the journeys planned for the near future are to one of the potato ranches of Mr. George Shima, to the University Farm at Davis, and to the state Fair at Sacramento.

There are forty more freshmen in the College of Agriculture this year than in the entering class of a year ago. This is a greater proportional increase than in any other college of the University.

With 14 1/2 per cent more students enrolled at Berkeley than at this time a year ago, the University has to meet the enlarged demands with an income which has increased only three per cent over last year's income. It is now expected that the registration for the year will be approximately 7200. The registration at Berkeley this month is 4165. Of these, 324 are new graduate students, while 1205 are new undergraduates. That is to say, there are 1629 students at Berkeley this fall who were not here last year.

Uncle Ezra Says
"It don't take more'n a gill uv effort to git folks into a peck of trouble" and a little neglect of constipation, biliousness, indigestion or other liver derangement will do the same. If ailing, take Dr. King's New Life Pills for quick results. Easy, safe, sure, and only 25 cents at all druggists.

SEEK ROCK FOR JETTIES

Government Engineer and Party Investigate Source Close to Newport Bay

Yesterday D. E. Hughes, the government engineer who was in charge of the recent harbor survey of Newport Bay, accompanied by Lew H. Wallace, W. A. Cornelius and L. H. Parkinson, all of Newport Beach, made a trip into the hills about three miles back from Corona del Mar, for the purpose of investigating the availability of rock deposits there for use in the building of jetties. In the section named there is a ledge of rock which is in the neighborhood of a mile long and from 100 to 150 feet deep, and there is hope that from it may be secured a rock necessary for jetty work.

It is understood that Mr. Hughes will report to the government his findings on the subject, and the fact that this investigation has been made strongly encourages the people of Newport Beach in the hope that further steps toward the improvement of the harbor are not far distant.

BEAUTIFUL HAIR AT SMALL COST

A Simple Remedy Beautifies the Hair, Cures Dandruff, Stops Falling Hair

What a pity it is to see so many people with thin, wispy hair, faded or streaked with gray, and realize that most of these people might have soft, glossy, abundant hair of beautiful color and lustre if they would but use the proper treatment. There is no necessity for gray hair under sixty-five years of age, and there is no excuse for anyone, young or old, having thin, straggling hair, either full of dandruff or heavy and rank smelling with excessive oil.

You can bring back the natural color of your hair in a few days and forever rid yourself of any dandruff and loose hairs, and make your hair grow strong and beautiful by using Wyeth's Sage and Sulphur Hair Remedy. For generations common garden Sage has been used for restoring and preserving the color of the hair; and Sulphur is recognized by Scalp Specialists as being excellent for treatment of hair and scalp troubles.

If you are troubled with dandruff or itching scalp, or if your hair is losing its color or coming out, get a fifty-cent bottle of Wyeth's Sage and Sulphur from your druggist, and notice the improvement in the appearance of your hair after a few days' treatment. —Rowley Drug Company.

FISHING INDUSTRY WILL NOW EXPAND

Mexico's Revocation of Special Fishing Concessions Will Put 5000 People at Work

Los Angeles Examiner: The revocation of special fishing concessions on the Mexican west coast, including Lower California, and particularly Magdalena Bay, will revolutionize the fishing industry in that part of the world, according to opinions expressed yesterday in Los Angeles. Word was received here that David Zarate, mayor of Ensenada, estimated that 5000 persons, residents of Lower California, would be given employment under the new order.

Under the decree giving everyone equal rights along the coast in fishing, the monopoly will be abolished. Aureliano Sandoval, in charge of the Sandoval interests in Los Angeles, controlling the pearl fishing and other concessions as far south as Magdalena, employed but sixty persons and two boats.

Dispatches from San Diego last night stated that scores of persons there were outfitting for entering the fishing industry in the heretofore restricted fields.

PLAN IMPROVEMENTS IN WEST NEWPORT

Newport News: The West Newport Improvement Association was organized last Saturday evening with G. W. Kellogg, president; E. A. Hoffner, vice-president; O. H. Burke, secretary, and Mrs. George Marshall, treasurer.

The object of the association is the improvement of the lake into a park and the general good of this part of the city.

Work has already commenced on the digging of a channel from the canal to the lake. The channel will have cement sides and will be 15 feet deep, so that boats can pass to and from the lake at all times. The water in the lake will be kept fresh and clean on account of being changed at every tide which will make it a favorite resort for bathers.

The lake is oblong in shape and the corners will be improved with trees at once, which will make the lake one of the beauty spots of the city.

The association is under obligations to the Dam-Rousselle Investment Co. for substantial financial aid in promoting the new enterprise and by the interest maintained in the organization promises to make West Newport a famous place for a residence district.

ITALY DELIVERS COUNTER PROPOSAL TO TURKEY'S OFFER

CHIASO, Switzerland, Sept. 9.—New instructions which are believed to amount to counter proposals to Turkey were delivered to the Italian peace delegates here yesterday by a diplomatic courier from Rome. It is definitely understood, however, that the new proposals reiterate Italy's demand that Tripoli and Cyrenaica remain annexed to Italy.

TILLOTSON SELLS HIS LEMON RANCH FOR HANDSOME PRICE

THOSE WHO COME TO SCOFF

We expect great enthusiasm for Roosevelt and Johnson in California, but it may surprise us some to learn that the east is showing much the same temper towards the Progressive movement. The Springfield Republican which is strongly opposed to Roosevelt, says of his opening meeting in New England:

"No one in his political senses will underestimate the size of Mr. Roosevelt's following. His meeting in Providence and Boston at the week-end show clearly enough that by his latest adventure in forming a political party all his own he has stimulated popular interest anew in his personality and his career. He is busy handing out something fresh and novel. It has many attractive aspects. The crowds everywhere from the Atlantic to the Pacific promise to be enormous. How they will vote is another question."

The New York Times, another anti-Roosevelt paper, makes the following editorial comment on Roosevelt's first speech in Massachusetts:

"Mr. Roosevelt opened his campaign in Massachusetts yesterday with a good deal more than his usual skill of rhetoric. It was more than ordinarily free from bitter and abusive personalities. It was pretty much confined to general appeal, and it was couched in the spirit of lofty morality and altruism which he has deliberately chosen to adopt in the presentation of his claims to a third term."

"The sentiment to which he appeals is of immense strength and virtue. It is the saving salt of humanity. It is the force that has advanced the race from its low beginnings more than any other. So far as Mr. Roosevelt can persuade the public that he is sincere, that his aims are honestly pursued, that his methods are intelligent and practical, he will unquestionably win support. Nor that alone, he will deserve it."

"This is the testimony of the enemies of Roosevelt and it is certainly encouraging enough to be highly significant to his friends on this coast."

PROGRESSIVES AND TRUSTS

The new party is the only one that has a single intelligent and honest word to say upon the trust problem. Mr. Taft's party is still infatuated with the law under which trusts multiplied and flourished as never before. In Supreme Court decisions, which amount merely to rubbing out the old name on the trust's signboard and writing up three new ones—while prices are smartly increased to the consumer and the trust's shares advance by leaps—it sees an adequate remedy. So long as the attorney-general wins brilliant victories on paper it is quite satisfied. The plank that Mr. Bryan wrote goes back of even the Sherman law and rests upon a naive faith that the only way out of the difficulty lies in "busting" everything of size.

Both these platforms rely upon compelling competition; and no policy which relies upon that will bring us

The Basest of Foes

BY L. H. KOEPEL

England attempted to deprive the colonies of the liberties which they possessed at that time. She was not sneaking about in the dark to accomplish her purpose. She sent armies to do her bidding. Like a valiant knight she fought her battles. She was soundly defeated. In her open and above-board manner she deserves credit. She was a woman worthy of some steel.

Some ill-advised officers attempted to recover the lost New World for England in 1812, just a century ago. England sent the victors who fought under Wellington and conquered Napoleon, because such warriors, she thought, would certainly effect her eagerly-sought subjugation of America. She put her very life into the venture. She did it openly. No defeat was more ignominious to all her arms than the one administered by "Old Hickory." England deserves credit for her conduct. The result of the war was the firm setting up of a truly independent nation.

So we grew in numbers, unity and greatness. All Europe looked to us and sought our friendship. All foreign enemies ceased to have any existence.

A time came, however, when internal strife rent our nation. Whatever faults the leaders of the South possessed, no one would attribute to them cowardice, pretense, or hypocrisy. They came out in the daylight, prepared to fight for their cause, and proved their bravery on countless fields of battle. No one regards the soldiers of the South more highly than the soldiers of the North. The cry for union won the day. The nation was "one and indivisible." An enemy of that kind is honorable.

How loathsome must be the foe who skulks in the dark seeking to kill his neighbor! Yet all the while

pretending to be his neighbor's friend! Such is the position of the professional politicians who would wreck the Republican party and exploit the people in the interest of Big Business. For a long time they claimed to be the champions of the people, yet ever planning to rob the people of the right to rule themselves by turning the government over to the trusts, the privileged classes and "the capable few."

To cap the climax, some eastern newspapers are heralding Mr. Taft as a Progressive. One of them made the bold statement that the President was the greatest constructive executive we have had. Save the mark! One wonders what will be the next sensation when reading such wise sayings. If it were not sent out as the veriest fact, we might think that Munchausen had come to life and was improved by his demise.

Such matters only go to prove how desperate is the Taft campaign. Oblivion must inevitably be the doom of all such campaigns and candidates. Things have changed. Neither buncombe nor guile can win. The day of pretended character is a thing of the past. The public has learned the use of the Roentgen ray of light. It is useful to find displaced anatomy and hidden weapons. So the public understanding sees plainly the false statements of the pretending campaigner. This sort of men are the basest foes to human liberty and popular government. The "revolution is on." The foes of the people if they do not come into the open, will be smoked out of their filthy dens. The revolution will give them no quarter. They must become honorable men or cease to be factors in human society and like Burr, die away their time, and die with the dogs.

JOHN N. ANDERSON EXPRESSES HIS APPRECIATION OF SUPPORT

Santa Ana, Sept. 7, 1912.
Mr. J. P. Baumgartner,
Editor "Register".

Santa Ana, Calif.
Dear Sir:—Kindly accept my sincere thanks for the loyal support the Register gave me and the cause I represented in the campaign just closed; and I hereby extend like thanks to the women and men voters of the county who supported me at the polls. For those who voted for my opponent I entertain but the kindest feelings, being pleased to believe that they are as conscientious in their political affiliations as I am in mine.

We may differ in the matter of Republican candidates for the presidency or for any other office, but we do not differ on the fundamental principles of the Republican party, such as the protective tariff, for which policy both President Taft and ex-President Roosevelt alike stand; and after the party has fairly, honestly and legally made its nominations, as it has in this state, we all should stand to-

gether on those great principles which distinguish our party from the Democratic party, whether we favor Taft or Roosevelt, for in the event of the election of either we would have a Republican administration and maintain Republican policies.

I should be well satisfied with the result of the primary election, carrying both Riverside and Imperial counties by large majorities, and breaking about even in this county with my worthy, able and popular opponent and fellow citizen, who by reason of his inactivity in local politics has made no political enemies; whereas, I have been in the thick of every political battle waged in this county for many years, fighting for clean representative government, and consequently have incurred the political hostility of many active politicians.

While Mr. Chapman's majority in this county was 27, my majority in the district was over 1700.

Sincerely yours,
JOHN N. ANDERSON.

Six Reasons Why You Should Do Business With This Bank

1. Depositing your money in bank makes it absolutely safe from loss by robbers, fire or accident.
2. With a bank account you can pay your bills by check. The canceled check is a legal receipt for payment. You cannot be made to pay the bill twice.
3. A check book makes all your money available at any moment, and you are never bothered about making change.
4. The bank keeps your books. Every deposit and the amount of the checks you draw are carefully entered in your pass book by expert bookkeepers, so that you know where you stand at the end of the month.
5. Nearly every man needs to borrow money at some time. If you are well known at the bank, through your bank account, it is easy to get accommodation.
6. Every check you write is an advertisement of your good business habits and solid worth, which has the effect of raising you in the general esteem of your neighbors.

Any one of the above reasons is of itself sufficient to influence you to open a bank account. It will only take a short acquaintance with this bank, and the facilities it offers, to convince you that six reasons are only a few of many more why you should make it your financial home.

Now is the time to begin the practice of these most approved business methods, and to make this bank what we want it to be—

Doings In Social and Club Circles

OPENED NEW SEASON

Ladies' Aid Society of the First Presbyterian Church Had Lawn Party

The Ladies' Aid of the First Presbyterian church held their first meeting after the summer vacation with Mrs. H. S. Gordon, 402 Cypress avenue, Friday, September 6, on the lawn under the beautiful umbrella trees. A very delightful afternoon was spent. The members of the executive board served dainty refreshments of fruit and cake and tea.

The society decided to have a "Dollar social" at the first regular meeting in October and after the usual manner each is to tell in rhyme how each dollar was earned. Mrs. W. A. Zimmerman gave the society a very cordial invitation to meet with her, which the president graciously accepted. It is hoped every member will be present with a dollar and a rhyme.

The society started the new season with a good deal of enthusiasm, which everyone felt would increase as the year moves on. A vote of thanks is owed to Mrs. Gordon, who is at all times a most delightful hostess, but especially so when she can help her church or any of its societies.

Cleared Goodly Sum

The Ebell Club of Balboa recently gave a charming entertainment at the Station A club-house of the South Coast Yacht Club, the proceeds amounting to \$75.00 will be applied to the library fund. Dancing, cards, fortune telling, bowling, and splendid refreshments contributed to the pleasure of a good crowd.

Missionary Meeting

The Missionary ladies of the Methodist Church, South, held their regular business meeting on Friday, Sept. 6th, in the church parlors. The meeting was called to order by the president, followed by a Bible study conducted by Mrs. Dabbs, and prayer by Mrs. Madden. A general report from the committees and officers was given. The meetings of this society have been a little quiet for the past two months on account of vacation, but now that the ladies are at home again it is expected the meetings will reach normal attendance again.

The officers, hoping all have had a delightful vacation, will be glad to see everyone at the meetings again.

Long Island Kensington

The Long Island Kensington Society met yesterday with Mrs. C. C. Cozad of Santa Ana, and was right royally entertained. A delicious luncheon was served at noon by Mrs. Cozad, who was assisted by her daughters, Mrs. Breeding and Mrs. Towlett. Owing to the near approach of school and extended vacations, there was not as large a crowd as usual, but the day was very

HOW N. Y. WOMEN DELEGATES INFLUENCED CONVENTION ATMOSPHERE

Apropos of the influence of women in politics, the following is told in the dispatches this morning of the refining influence of the women delegates to the state Progressive convention just held in New York.

The story runs thus: "There is a man in the information bureau here who has been attending every political convention for many years in the same capacity. But this one has him on the run. He can't get over its complexion and atmosphere."

"He told me," said Mrs. Wals-ton H. Brown, daughter of the late Colonel Robert Ingersoll, "that this is the first convention where the women have mixed with men, and it is wonderful. He said that the whole atmosphere is different. Every-one, the men of course, are so much more courteous and so much more thoughtful. There is no drinking. He has seen no one intoxicated and there is no swearing or objectionable language. He says none can appreciate it until he has seen the other side."

The women delegates were all elegantly gowned, and were fine, intelligent women, filled with enthusiasm for the onward march of humanity.

enjoyable and will long be remembered.

League Picnic Tomorrow

The Santa Ana, Orange and Fullerton chapters of the American Woman's League will hold an all day picnic at Birch Park tomorrow. A basket picnic dinner will be enjoyed at noon, everybody being expected to take a well filled lunch basket.

All members of the Santa Ana chapter are cordially invited to attend the picnic tomorrow and to take their sunniest spirits with them, so that the day may be one of complete pleasure.

Memorial For Mikado

The public will be invited to attend the memorial service of the late Emperor of Japan, to be held in the First Congregational church Sunday at 2 p. m., September 13. By order of the Japanese Association of Santa Ana.

Return From Outing

Mrs. L. M. Scarborough and her niece, Miss Laurie Taylor, have returned from an extended outing of two months, the first month being spent at Long Beach, and the second month at Idyllwild. The time was greatly enjoyed at Idyllwild, where out-of-door life was the order of the day. All sorts of jolly doings were indulged in by the campers, such as waterwurst bakes and marshmallow toasts, and songs and stories about bonfires.

Miss Laurie's birthday and that of another young girl in the camp whose natal day was the same as Miss Laurie's, were joyfully celebrated with a merry party.

Among other Santa Anas at Idyllwild during the time Mrs. Scarborough was there were Miss Cleveland, of the city schools, and Miss Miller of Rankin's Dry Goods store. Miss Yoder, Mrs. W. D. Baker's sister, was also an Idyllwild visitor.

—Pay your home telephone bill at the office of the company tomorrow, the 10th, and save 25 cents.

ANNUAL MOTHERS' PICNIC

W.C.T.U. Women Will Assemble Tomorrow in Pretty Birch Park

The annual picnic of Orange County mothers will be held in Birch Park tomorrow (Tuesday, Sept. 10), and the program for the day, to be presided over by Mrs. F. H. McElree, chairman, has been outlined as follows:

The forenoon will be devoted to getting acquainted and a good social time with the exception of a short business session of the local W. C. T. U.

There will then be a noontime prayer led by Mrs. Lucy S. Blanchard, state W. C. T. U. president. A basket lunch will then be enjoyed and this is expected to be one of the social features of the day, and talks will be made by the gentlemen present.

In the afternoon the program will be:

Singing of Hymn—Everybody. Devotionals—Mrs. A. H. Nickell. Vocal Solo—Mrs. Maud Winbiger. Whistling Solo—Miss Kennedy. "Buy a Dollie"—Margaret McElree. My Irish Canary—Jerome Stearns. Address—Mrs. Lucy S. Blanchard. Vocal Solo—Mrs. Winbiger. Address—Rev. Gonzales.

—O—

SOC—... phXCdn Mrs. Thomas Wires of Berea, Ohio, Mrs. W. H. Thomas wired her husband yesterday from Postville, Iowa, that her mother, Mrs. Sophia Perry, died yesterday morning shortly after 3 o'clock. Mrs. Thomas' friends here extend their sympathy to her in her bereavement.

It is possible that Mrs. Thomas will not return here for several weeks, as she will be much exhausted after her recent trying experience. Later she may go to Milwaukee, and to points in the Dakotas and Iowa before returning.

—O—

Personals

Mrs. Mary Tustin and Mrs. C. F. Curry of Tustin are sojourning at East Newport, enjoying a stay at the Tustin cottage on Bay Island.

Mrs. G. W. McDonough of Balboa has been visiting friends in Santa Ana.

Mr. and Mrs. D. E. Huff and son, Chauncey, have returned from a most enjoyable motor trip of three weeks. Their itinerary included Santa Barbara, Santa Ynez, Santa Maria and other towns in Central California.

Mrs. Susan H. Burns of 622 North Birch street, is visiting for a week or ten days with Mrs. Dr. Jewell, 456 Herkimer street, Pasadena. She will attend the G.A.R. encampment in Los Angeles this week.

Mr. and Mrs. C. M. Glessner left Saturday for Los Angeles, where they will reside for the present. Mr. Glessner, who has retired from his position as the Salt Lake city passenger and freight agent here, had not determined when he would here just what his future plans would be.

J. W. Mix went to Los Angeles this morning on an early car.

Ben Kiesel made his usual over-Sunday visit here, returning to Los Angeles this morning. He is hoping to hear good reports of Glenn Martin in the Gordon Bennett cup defender race today at Chicago.

Mr. and Mrs. Terry Stephenson and Master Teddy will enjoy this week at Laguna Beach, where they are presently located in the summer cottage of Mr. and Mrs. James Rice.

Kenneth Morrison of Tacoma, who will spend the winter at the home of his aunt and uncle, Mr. and Mrs. M. L. Lane, spent yesterday in Los Angeles viewing that city in the festive garb of flag and bunting put on in honor of the visiting G.A.R.

Willard Coleman boarded a Los

THE BIGGEST SALE

WE EVER HAD

"You certainly do get the crowds at this Red Tag Clothing Sale," said a customer early this morning as he looked over the store and saw the many people waiting the attention of the salesmen. "I thought six months ago you couldn't get many more in the store than you had then, but I believe you've even more now. I don't blame them for coming," he continued as he paid the Red Tag Price of 79 cents for a shirt that would have cost him \$1.00 the day before. "I never believed in a sale till I came to this Red Tag Sale of yours. I've found so many sales 'buncombe' that I've gotten skeptical. Here, however, I get courteous treatment, can buy exactly what I want, and above all, save 20 to 50 per cent on my purchase. Let me see those \$3 hats for \$2.45," he asked the salesman, and as he passed over to the wonderful hat values, his conversation was lost to the writer.

CROWDS CAME TODAY! CROWDS WILL COME TOMORROW!

CROWDS WILL CONTINUE TO COME FOR THOSE

GREAT BARGAINS.

Vandermaast & Son

Angelo bound car this morning. J. C. Joplin, county treasurer, was a traveler to Los Angeles this forenoon.

J. H. Maley was a visitor to the Angel City today.

Will Halesworth was an early morning passenger on an out-going Los Angeles car.

V. W. Pyatt and his mother, Mrs. Theresa Pyatt, accompanied by Mr. Pyatt's niece, Miss Elsie Pyatt, went to Escondido today to participate in the joys of Grape Day, the annual event that has helped bring Escondido to the front.

Miss Emily West was home from Artesia for the weekend, accompanied by her friend, Miss Merle Garner. They returned last evening, accompanied by Miss Marie Harris, who will remain until Tuesday.

Mr. and Mrs. G. W. Young and family, Mr. and Mrs. Horace Fine and family, and Mrs. Louise Waite, formed a picnic party to Laguna Beach yesterday.

Mrs. Elmer Burns and children, Gladys and Carl, are spending two weeks at their cottage at Newport. Mr. Burns will make the trip back and forth.

Mr. and Mrs. Dave Kelly and children, passed the weekend at Balboa, returning today.

Miss Joella Gowdy, vice principal of the Santa Ana high school, has returned from an eight days' stay in San Diego. She visited friends while there as well as being "on the go," seeing the various points of interest.

Mrs. L. E. Rogers and daughter of Colorado Springs, and Mrs. J. M. Thornton of Alta Vista, Iowa, daughters of J. T. Mitchell of 615 Stafford street, arrived here Sunday for an extended visit.

Louis Gail of the Mercereau grocery clerking force is on his vacation, and it is rumored Dan Cupid has something to do with the journey, and that he may not come home alone.

R. J. Hamilton went to Catalina today to help pack up the camp equipment, used recently by the Y.M.C.A. boys of Orange and San Bernardino counties.

Harry Perry of Los Angeles spent Sunday in Santa Ana with friends, returning to the city at noon today.

Mrs. Frank Ey is in attendance at the G. A. R. encampment which is being held in Los Angeles this week. Mrs. Ey was honored by being chosen one out of the nine delegates from California and Nevada to the national W. R. C. convention.

Mr. and Mrs. Robert Flook and Misses Mary and Cella Cotter motored over from Long Beach last Saturday afternoon for an over-Sunday visit.

KRYPTOK

Without Lines in the Lens

DR. WILCOX,

Optician, at Roper's Book Store.

The Misses Cotter are at the Cynthia in Long Beach.

Mrs. Hoyt Hall and Miss Daisy Roberts of Los Angeles spent yesterday and today in Santa Ana with their parents, returning to the city this afternoon.

Mrs. Olive Lopez and family have returned from a week's stay at Newport Beach where they enjoyed a restful vacation.

Miss Nellie Rutter of Wichita, Kas., a talented violin and piano teacher, who has been teaching in Yakima, Wash., for the last three years, is making her first visit to Southern California. She is so delighted with the climate that she may decide to remain here. She is visiting with Mrs. L. M. Ballard, 901 West Third street, who is one of Miss Rutter's old-time friends of Wichita.

E. C. Carhart of Los Angeles was a dinner guest of the F. H. McElree home. The Carharts returned last week to Los Angeles from San Francisco where business interests have kept them over a year. The McElrees are also entertaining a cousin, Mr. Enos McElree, one of the most prosperous farmers of Hardin county, Ohio, who arrived this morning over the Santa Fe. He will visit the principal points of interest, this being his first visit to the Pacific coast.

Mr. and Mrs. C. B. Bond of Cato, N. Y., are visiting Mrs. Bond's son, Geo. A. Thorpe and family at East Seventeenth street.

Mrs. Frank Heil and son, Frank L. Heil, left this afternoon by way of the Canadian Pacific, for Lowell, N. Y., where they will visit at Mrs. Heil's old home. Mr. Heil will enter Platt Institute at Brooklyn, N. Y., September 30th, for a year's course in architectural construction. Mrs. Heil will visit her son in Brooklyn and then return to Topeka, Kas., before returning West.

A. E. Bennett and family have returned from a five weeks' stay at Balboa.

—This is the time, and Hill & Walker's is the place to have your bicycles repaired. 221 West Fourth.

EDUCATORS WILL LIVE OUT-OF-DOORS

Prof. J. A. Cranston, city superintendent of Santa Ana schools, and R. P. Mitchell, county superintendent of schools for Orange county, left today for Catalina, where they will attend the annual meeting of the city and county school superintendents of the state. Prof. Cranston expects to return on Friday next, but Mr. Mitchell will not be back until next Tuesday.

The present meeting of this convention will be unique in the matter of entertainment. The educators will occupy quarters in the tent city at Avalon, and expect to live in the open as much as possible in order to carry out the idea advocated for the adoption of open-air schools.

"I believe that sleeping in tents and out in the open will be good for the superintendents," said City Superintendent of Los Angeles Schools John H. Francis, who will attend the convention, yesterday. "It will be beneficial for them especially because of their work throughout the year. I believe in the open-air doctrine."

THE PEOPLE SLEEP TOO MUCH, SAYS PHYSICIAN

Says Holidays Should Not be "Snoozed" Away—Workers Need Most Sleep

GENEVA, Sept. 9.—A distinguished physician who has been studying the question of a sleeping cure during the holidays has come to the conclusion that too much sleep is just as bad as too much food.

More than eight hours for healthy people who work with their brains is, generally speaking, too much, he says, although he admits no rule as to the amount of sleep necessary for adults can be laid down. People who work hard physically require much more sleep than mental workers.

Many people look forward to a holiday as a time when they can sleep as much as they like; but according to this physician the benefit of a holiday may be spoiled by sleeping too much.

Five hours of good, refreshing sleep in holiday time, especially in high altitudes, is quite enough. Nervous people are apt to remain in bed, half asleep and half awake, longer than is good for them, and this sleep specialist thinks such people ought to get up early, as soon as they wake, and never give way to the fascination of dreaming half awake.

JOHNSON GRASS IS CURSE IN CALIFORNIA, FEED IN TEXAS

LOS ANGELES, Sept. 9.—A Los Angeles produce house has received from a firm in Sherman, Texas, a circular advertising Johnson grass to seedsmen and offering seed at low prices. The grass is regarded as a curse in California.

The circular says about the grass, which goes under the euphonious title of "sorghum halepense," in addition to being called Johnson grass: "It is equal in nutritive value to the millets and is far better than sorghum. It has proven its worth as a pasture grass and as a hay crop, under cultivation, in spite of all manner of opposition. It stands today without a peer as a southern dairy grass, and Johnson grass hay increases in relative value in the markets of the south, year by year."

Dr. Mable Vance announces that her office in the Hervey Block will be open Sept. 5th, at which time she will be home from her vacation.

PUBLIC SERVICE CORPORATIONS MAY PAY STREET RENTALS

SACRAMENTO, Sept. 9.—The Sacramento city commission is to take up soon the work of fixing rentals which public service corporations will be charged for running wire, pipe and railway lines on the city streets.

The rental tax by municipal corporations is an innovation in California and the city commission does not expect to collect its rents without a battle in the courts. The charter provision is supported, however, according to City Attorney McKissick, by a United States Supreme Court decision.

What We Never Forget according to science, are the things associated with our early home life, such as Bucklen's Arnica Salve, that mother or grandmother used to cure our burns, boils, scalds, sores, skin eruptions, cuts, sprains or bruises. Forty years of cures prove its merit. Unrivaled for piles, corns or cold-sores. Only 25 cents at all druggists.

The
Triplex Bathtub-Chair

It is a luxury in the bath as it can be hung inside at the upper
end of the tub giving greater convenience while bathing. Fits inside or
outside, or at either end and is so made that it adjusts to fit any bath-
tub. Nothing to fasten—just place it where you want it and turn
down the seat. Nothing to get out of order—will last for generations.
Folds up out of the way when not in use.

The chair is so easy to manipulate, that it can be used by the
smallest child and is so strongly built that it will comfortably support
the heaviest adult. The Triplex Bathtub-Chair is highly recommended
by hotel managers, hospitals and sanitariums throughout the United
States.

Made with all parts nickel plated,
both inside and out, highly polished
and guaranteed not to rust. Hard-
wood seat is heavily coated with a
permanent enamel making the Tri-
plex Bathtub-Chair an article whose
handsome appearance will beautify
any bathroom.

AT THE KANSAS TIN SHOP you will find
the largest stock of corrugated galvanized roofing
that is carried in this county. (We don't handle the
light weight iron).

We have all of the usual lengths, 6, 7, 8, 9 and 10
feet, and we compete with Los Angeles prices.

We have a good assortment of gas stoves for
cooking and heating and the best thing in oil stoves
that has been made down to this date.

Our stock of cooking stoves and ranges for coal
or wood is equal to anything in the county.

It is our purpose to keep and sell everything in
the Hardware and Plumbing lines that this section of
the land calls for.

S. HILL & SON.

TELLING HOW MUCH IT COST

Two Candidates File State-
ments of Money Paid Out
During the Campaign

Under the law those who were can-
didates in the primaries must record
a statement of their expenditures for
campaign purposes. The first man in
with his statement was Supervisor H.
E. Smith, who got the Republican
and Prohibition nominations for su-
pervisor in the First district. Hans V.
Weisel of Anaheim, the Roosevelt
candidate who got the Republican
nomination for assemblyman, filed a
few minutes later.

Smith's statement shows money
spent as follows: Candidate's filing
fee, \$10; for circulating nomination
papers, \$15; for canvass, \$5; for con-
veying voters to polls, \$5; announce-
ment cards in newspapers, \$31.50; for
cards, \$6; for distributing cards, \$27;
total, \$99.50.

Weisel's statement shows: Filing
fee, \$10; circulating petition, \$5;
printing, \$25; announcement cards in
newspapers, \$30; total, \$70.

IN THE JUSTICE COURT

CAUGHT WITH COCKLES; SKIPPED HIS BAIL

Newport Beach Officers 'Land
Another Italian in Illegal
Fishing Business

Angelo Castro was arrested at New-
port Beach Saturday night by Deputy
Marshal Ulrich on the charge of hav-
ing in his possession an illegal number
of cockles. Castro was caught by Ul-
rich just as he was about to place on
a Los Angeles-bound car two heavy
suitcases. Ulrich thought the cases
suspicious, and on opening them found
about 120 pounds of cockles.

Castro was not prepared to make
a trip, and told the officer he was not
going anywhere, but Ronald, who
was recently convicted with Scarpa,
the gondola man, on the same charge,
had taken the preceding car to Los
Angeles, and the officers have a
shrewd suspicion that he was pre-
pared to take care of the suitcases at
the other end of the line.

Castro had done some work as a
cook at the Balboa Hotel, and L.
Goepfer, the proprietor, put up \$25
cash bail for his appearance in Justice
Court this morning. Some time
during the night, Castro disappeared
from Newport Beach, and failed to
show up in court this morning. Mar-
shal Porter, of Newport Beach, this
morning swore to a complaint against
him, and the case was set for hearing
Friday.

The Beach officers believe that with
the arrest of Castro, following the
fining of Scarpa, they have put a large
crimp in the illegal business of ship-
ping cockles. Scarpa is said to have
boasted that he made \$3,000 out of
the business, but since his arrest has
declared that he is out of it for keeps.

HUNDRED MILLION POUNDS OF PRUNES IN FAMOUS VALLEY

SAN JOSE, Sept. 9.—Santa Clara
Valley will produce a prune crop of a
hundred million pounds of prunes this
year, according to conservative esti-
mates made here. Estimates as high
as 112,000,000 pounds are being made,
and even this figure is 8,000,000 pounds
under the yield of prunes in this val-
ley last year, when 120,000,000 pounds
were harvested at record prices. This
year's yield will be at least 10,000,000
pounds above the normal of 90,000,000
pounds. The conservative estimate
may be increased slightly by favorable
weather, which would develop the
fruit on the trees to fuller weight than
if cold, wet weather maintained.

GRAIN FIELD IS TRANSFORMED INTO ASPHALTUM MINE

CARPINTERIA, Sept. 9.—A big,
level grain field is being rapidly trans-
formed into a well developed mine on
the bluffs at the Higgins ranch. Twen-
ty men are now at work while twenty-
seven were busy last week. One car
a day, or fifty tons, are being shipped
now to the Goleta road district where
the asphalt is being used in the con-
struction of the public highway. Thir-
teen hundred tons have been shipped
since the mine was opened. The strata
where the crew is now working is
over twenty feet thick and is of the
purest material nature produces.

A cut six feet deep and sixty feet
wide has been made from the shaft
to which the men are working to the
edge of the cliff toward the ocean
which uncovers the layer of bitumi-
nous sandstone all the way. Men are at
work on the ocean end blasting off
the top of the asphalt with its upper
crust. After the first layer is re-
moved it becomes impossible to use blast-
ing material with any success since
the native substance is too soft, but
where there is a hard packed layer
above, this method works well.

The purpose is to open the bed from
the end by the ocean and work inland
along the deep trench instead of by
means of the deep shaft as at present.
It is estimated that the men will do
twenty per cent more work if they
can act in the cut where the sea
breeze comes than in the pit which
is hot and ill ventilated. The spur
track will be extended along the edge
of the pit so as to facilitate the load-
ing of the cars with the hoisting ap-
paratus. The cut will be over three
hundred feet in length. The depth will
be about twenty-five feet.

LOS ANGELES PRODUCE MARKET

A small shipment of avocados or abocates from Orange county and another via New Orleans from the islands of the gulf arrived on the local market yesterday. The Orange county fruit, which was smaller than the average, was selling for \$2.25 a dozen. The avocado is fast becoming a commercial product in this state, and during the last few years several hundred thousand trees have been planted. Authorities are of the opinion that the day is not far distant when California will nearly supply the country with this fruit. The avocado is perhaps one of the most delicious and delicately flavored of products adapted for use in salad and is usually served in this fashion, although in Mexico, the country in which it originated, the natives eat it as it comes from the tree. A number of excellent varieties of avocado trees have been propagated in this state, and the size of the crop is increasing steadily.

The Bellefour apple shipments are beginning to increase. Several cars came in yesterday. The great Watsonville district is now coming to the fore with an enormous output, and henceforth a great portion of the fruit will be received from that point. Watsonville is the largest apple-growing section in the state, and the entire crop is cultivated almost exclusively by Dalmatians and Slavonians.

Potatoes are coming from the north in large quantities, and carload lots are received almost every day. Large shipments of peas are also coming in. The price on nuts has shown a slight advance. Both the walnut and almond outputs of California, which is the only commercial producing section in the country for the nuts, is expected to be short this year.

The staple market remains unchanged, and arrivals were light. Ninety-two cases of eggs, 21,768 lbs. of butter and 280 pounds of cheese came in. Other arrivals were as follows: Potatoes, 739 sacks; onions, 295 sacks; beans, 26 sacks; apples, 680 boxes.

ARE LOOKING FOR BETTER RETURNS

Villa Park Orange Growers
Take Steps Toward Form-
ing Association

Orange growers of the Villa Park section held a meeting at the school house Saturday afternoon for the purpose of considering the project of forming an association. The meeting was addressed by A. M. Pratt of Redlands, manager of the Elephant Orchards Sales Company, a marketing organization, who told of the methods it employs. A committee was appointed to investigate the operations of the company, and report at a future meeting.

Some exceptionally fine fruit is raised in the frostless belt surrounding Villa Park, but the growers feel that they have not been getting the best possible returns. They are considering the formation of a co-operative association, which may operate through a marketing company.

PIERPONT MORGAN TO FINANCE WORK Offers to Excavate Ruined Cities of Herculaneum and Pompeii at Own Expense

ROME, Sept. 9.—J. Pierpont Morgan has offered to excavate the ruined cities of Pompeii and Herculaneum at his own expense, according to stories appearing yesterday in several Italian newspapers. Mr. Morgan has laid his plans before the government and has offered to guarantee the work of completely uncovering the cities buried by Vesuvius hundreds of years ago.

Dr. H. E. W. Barnes has removed his office to 114 1/2 East Fourth street in the Geo. A. Edgar building. Sunset Phone, Main 1143. Home 661.

WHAT TIME IS IT?

This is a question you can answer if you carry one of our watches or have your watch repaired here. How is this? 17 jewel American made watch for \$10.00. The new Equity watch for \$5.00 and up, and our guarantee as well as the factory's guarantee back of all.

ORANGE GUM GROVE SWEEP BY FLAMES

J. M. Copeland of Santa Ana
Lost About \$400 in Blaze
at Noon

ORANGE, Sept. 9.—Fire broke out at noon today in the gum grove just west of the Santa Fe tracks. In Orange, belonging to J. M. Copeland of Santa Ana. Workmen had been engaged recently in cutting wood there, and the flames attacked the corded wood and destroyed about \$400 worth of it before ranchers from the neighborhood could conquer the blaze.

The fire also did some slight damage to the growing trees in places. It is believed the fire was started by tramps.

PLOUGHSHARES OF SWORDS, SPEARS, PRUNING HOOKS

WASHINGTON, Sept. 9.—The prophecy of turning swords into ploughshares and spears into pruning hooks is finding modern realization in the work of converting gunpowder into green vegetables under the direction of gardeners at Fort Myer and at the Indian Head proving grounds.

Several hundred tons of gunpowder condemned by the army authorities was marked for destruction when some genius hit upon the idea that its 80 per cent nitrogen component might be used to advantage as a fertilizer.

The experiment was tried at planting season, the powder being scattered over the newly ploughed truck gardens of the two reservations. The results have been amazing. The finest of lima beans, huge potatoes, big, juicy tomatoes and crisp lettuce, better, bigger and more flourishing than any produced in the nearby truck gardens of the civilian farmers, now load the tables of the officers and men.

Some one told Representative Bartholdt of Missouri, spokesman for the international peace propaganda in Congress, and his comment was: "At last they have found a sensible use for gunpowder. It's the first that has ever been suggested."

MODERN PRISCILLAS HAD MEETING AT VILLA PARK

VILLA PARK, Sept. 9.—The Modern Priscillas of Villa Park met with Mrs. Annie Knuth Wednesday, spending a most delightful afternoon. Mrs. Walter Adams and Miss Wanda Amie visited the club and Mrs. Elsie Leichtfuss was received as a member.

After the serving of delicious refreshments the club adjourned to meet again next Wednesday afternoon with Mrs. Myrtle Kinkade.

Those present were the following: Miss Madge Adams, Mrs. Florence Clayton, Mrs. Elizabeth Copenhaver, Mrs. Clara DeLong, Mrs. Bessie Gillogly, Mrs. Myrtle Holditch, Miss Margaret Holditch, Mrs. Erma Howe, Mrs. Myrtle Kinkade, Mrs. Annie Knuth, Miss Grace Lee, Mrs. Blanche Porter, Mrs. Ethel Robb, Miss Elizabeth Perkins, Mrs. Edyth Thomson, Mrs. Dora Winger, Miss Elsie Wulff, Mrs. Elsie Leichtfuss, Mrs. Walter Adams and Miss Wanda Amie.

BETTER TIMES IN STORE FOR UNCLE SAM, SAYS J. J. HILL

NEW YORK, Sept. 9.—James J. Hill, the "Empire Builder of the Northwest," is out with another broadside concerning the better times in store for Uncle Sam.

Mr. Hill made a hurried trip to this city this week and in discussing Northwestern affairs said: "General conditions are excellent, and the outlook is better than it has been for the past five or six years."

"The recent heavy rains have not damaged crops to any serious extent. What hurt they have done is confined to a few small localities."

"Jobbers are experiencing a good demand. In the past few years manufacturers have had to curtail their organization to some degree, and these, of course, cannot be built up in a day."

Fall term begins Sept. 2nd at Orange County Business College

ONLY TWO MORE DAYS OF SEBASTIAN'S GREAT

Wednesday will positively be the last day of this great two weeks' sale. We want to make the last two days the biggest of the entire sale. Everything previously advertised and not sold goes at Clean Sweep Sale Prices.

DECIDUOUS CROP FOR 1912, A WONDER

Peaches Alone Not Profitable—
California Leads on Plums,
Prunes and Pears

SACRAMENTO, Sept. 9.—The California deciduous fruit season of 1912, which is drawing near a close, has been a successful one from every standpoint. The crop has been an average one, the transportation facilities have been good and the growers have made money.

Of all the varieties of deciduous fruits grown in California there has been only one this year that has failed to yield a satisfactory profit to the grower. This is the peach. While peach growers this year have made a slight profit, none of them has made big money. This is because there was an unusually large crop of peaches in all peach-growing districts of the nation. Georgia had a phenomenal crop and so did Texas. Peaches from these two states came on the market about the same time as the product from California, and the result was that peaches brought a very poor price. The average was probably not more than \$10 a ton for the grower.

Excellent prices were obtained all season by the growers of plums, prunes and Bartlett pears. No other section of the world can compete with California in the production of these fruits, and the market quotations for them were good during the entire season.

The principal product of the fruit lands yet to go forward is the grape. The grape crop will be much shorter this year than last and in consequence much better prices will be obtained. Prices for grapes this year will be satisfactory.

F. B. McKevitt, manager of the California Fruit Distributors, estimated that the total number of cars of deciduous fruit shipped East this year will be between 11,000 and 12,000. Last year the total shipment was about 12,500. The shipments this year will be short principally in grapes. The total peach shipment will also be a little short of that of last year. The pear shipment this year is exceedingly heavy and will surpass that of last year by several hundred cars. Because of the excellent prices offered in the East many growers have preferred to dispose of their product in that manner rather than sell to the local canneries.

The crop of plums and prunes has also been large and the fruit has been of exceptional quality.

Many Driven From Home

—Every year, in many parts of the country, thousands are driven from their homes by coughs and lung diseases. Friends and business are left behind for other climates, but this is costly and not always sure. A better way—the way of multitudes—is to use Dr. King's New Discovery and cure yourself at home. Stay right there, with your friends, and take this safe medicine. Throat and lung troubles find quick relief and health returns. Its help in coughs, colds, grip, croup, whooping-cough and sore lungs make it a positive blessing. 50c and \$1.00. Trial bottle free. Guaranteed by all druggists.

DYNAMITE PLANTED ON RAILWAY TRACK

Oregon and California Express Ran Over 27 Dynamite Sticks Without Explosion

PORTLAND, Sept. 9.—The Oregon and California Express of the Southern Pacific Railroad ran over a "plant" of twenty-seven sticks of dynamite near Gervais, forty miles south of here yesterday, but failed to explode any of the fuming caps attached to the fuses. A track walker, following the train, discovered the explosive.

Detectives sent from Portland and Salem are working on the case.

TWO OFFICERS RECEIVE PRIZES

Red Cross Society Award Cash
Prizes For Work in Relieving Suffering

WASHINGTON, Sept. 9.—For their inventive creations alleviating human suffering, two officers of the U. S. medical corps, Major Paul S. Halloran and Captain Henry L. Brown, formerly of the first reserve hospital at Manila, have each received prizes amounting to \$505.05 from the fund established by the Russian Red Cross Society to reward those who benefit humanity by the introduction of painless healing methods.

The prizes were awarded by the ninth international Red Cross conference recently held here. The checks for the honored officers are being forwarded by the Russian Red Cross Society through the American Red Cross headquarters. Major Halloran is now at the Walter Reed's General Hospital here and Captain Brown is at Fort Slocum, New York.

RECLAIMING DESERT

ORO GRANDE, Sept. 9.—Nine new homestead filings have been credited to Sunrise Valley. The families have recently moved to their new homes on the desert. This means that over 1000 acres of arid land will soon be reclaimed. Wells are being drilled and considerable activity is exhibited all along the line in the way of improving these desert ranches. There is scarcely a quarter section in the entire valley but what can boast of at least one good well.

Night school opening this week. (Orange County Business College.)

Wear correctly fitting glasses made by Dr. Loserch, 116 East Fourth street.

BASEBALL RESULTS

Coast League: Morning game—At San Francisco: Vernon, 4; Oakland, 5. Batteries—Brackenkridge and Agnew; Omsstead and Mitze.

At Los Angeles—San Francisco, 7; Los Angeles, 3. Batteries—Fanning and Baker, and Schmidt; Slagle, Marks and Vernon, and Brooks.

GOV. JOHNSON KNEW OF NO AGREEMENT WITH McNAMARAS

DETROIT, Sept. 9.—That he is entirely ignorant of any plan by which the McNamaras were to be given their liberty through an agreement of Los Angeles business men before their confession, was the declaration today of Governor Johnson.

"The first I ever heard of such a thing was when I read Steffens' interview," the Governor said.

HE KILLED HIMSELF AND WOUNDED FOUR OTHERS

VANWERT, Ohio, Sept. 9.—One dead and four wounded, perhaps fatally, was the result of the murderous assault of Ernest Herbrake, aged 22, who fired a shotgun through the window of Richard Marten's farmhouse while the family was at supper, then shot himself. He had been rejected by Marten's daughter, Bertha.

MOUNTAIN HERO GAVE HIS BLOOD TO SAVE WOMAN'S LIFE

TACOMA, Wash., Sept. 9.—It became known through friends that Belmore Brown, renowned for his ascents of Mount McKinley with Prof. Herschel Parker, underwent a dangerous operation Thursday night to save the life of a young woman who was practically a stranger to him. The explorer heard that Miss Ethel Madden, the companion of a neighbor, was dying of anemia, and this led to his volunteering to undergo an operation for transfusion of blood from his veins to those of the patient. The operation occupied 12 hours and has been pronounced successful.

ONLY TWO-THIRDS OF NORMAL BEAN CROP AT OXNARD

OXNARD, Sept. 9.—With the rapid maturing of the lima bean crop, those familiar with conditions are enabled to give a pretty close estimate of the crop. The early part of the season, owing to lack of moisture, was very unfavorable, placing a distinguishing mark between early and late plantings, with soil conditions an important factor in the general result. One who has made a careful study of the industry from the standpoint of a buyer estimates that about two-thirds of a normal crop can be depended upon, or in the neighborhood of 850,000 bags. Early prices now range from \$4.80 to \$4.90, which reduced to dollars represents over three millions of dollars gross.
